

Online Small Bowel – Image Recognition App. - List of Contents.

Recognising normal and abnormal oesophageal, gastric and small bowel mucosa.

<p>Course 0 - The IMiGe COURSE</p>	<p>Course 9 – STOMACH – THE MORE COMMON DISORDERS Lesson 1 – The More Common Gastric Disorders for the Capsule Endoscopist.</p>
<p>Course 1 - INDUCTION Lesson 1 - Why wireless capsule endoscopy? Lesson 2 - Obtaining Consent for Capsule Endoscopy. Lesson 3 – Preparation for UGI and SB Capsule. Lesson 4 – Preparation for Colon Capsule. Lesson 5 - Tips and Tricks. Lesson 6 – Good Posture and Best Practice.</p>	<p>Course 10 – STOMACH – THE LESS COMMON DISORDERS Lesson 1 – The Less Common Gastric Mucosal Disorders.</p>
<p>Course 2 – THE TONGUE Lesson 1 – The Capsule Appearance of the Tongue.</p>	<p>Course 11 – THE SMALL INTESTINE – PREPARATION AND DELIVERY Lesson 1 – Preparing the Patient for Small Bowel Capsule Endoscopy.</p>
<p>Course 3 – OESOPHAGUS – THE SIP TECHNIQUE AND DELIVERY PROCESS Lesson 1 – The Specialised Ingestion Procedure (SIP) to Examine the Oesophagus.</p>	<p>Course 12 – THE NORMAL DUODENUM Lesson 1 – The Normal Duodenum.</p>
<p>Course 4 – THE NORMAL OESOPHAGUS Lesson 1 – Normal Oesophageal Mucosa. Lesson 2 – Normal z-line. Lesson 3 – The Lower Oesophagus and the “Pinch Point”.</p>	<p>Course 13 – DUODENUM – THE MORE COMMON DISORDERS Lesson 1 – Common Disorders of the Duodenum on Capsule Endoscopy</p>
<p>Course 5 – OESOPHAGUS – THE MORE COMMON DISORDERS Lesson 1 – Hiatus Hernia. Lesson 2 – Oesophagitis. Lesson 3 – Barrett’s Oesophagus. Lesson 4 – Oesophageal Varices.</p>	<p>Course 14 – THE NORMAL JEJUNUM AND ILEUM Lesson 1 – The Normal Jejunum and Ileum.</p>
<p>Course 6 – OESOPHAGUS – THE LESS COMMON DISORDERS Lesson 1 – Less Common Oesophageal Disorders for the Capsule Endoscopist. Lesson 2 – Rare Disorders of the Oesophagus.</p>	<p>Course 15 – JEJUNUM AND ILEUM – THE MORE COMMON DISORDERS Lesson 1 – Angiectasias. Lesson 2 – Villous Atrophy. Lesson 3 – Small Intestinal Lymphangectasia. Lesson 4 – Chronic Aspirin and Non-Steroidal Anti-inflammatory Enteropathy. Lesson 5 – Patency Capsules and the Lewis score in Patients with Suspected Small Bowel IBD. Lesson 6 – Small Bowel Inflammatory Bowel Disease.</p>
<p>Course 7 – STOMACH – PREPARATION AND DELIVERY PROCESS Lesson 1 – Preparing Patients for Capsule Imaging of the Stomach.</p>	<p>Course 16 – THE JEJUNUM AND ILEUM – THE LESS COMMON DISORDERS Lesson 1 – Small Bowel Lipoma. Lesson 2 – Small Bowel Neuroendocrine Tumour. Lesson 3 – Intussusception of the Small Bowel. Lesson 4 – Meckel’s Diverticulum. Lesson 5 – Helminthiasis.</p>
<p>Course 8 – THE NORMAL STOMACH Lesson 1 – Capsule Endoscopy and the Normal Stomach.</p>
